

Joint Announcement

To whom it may concern

On the 1st February 2016, Scandura Ltd purchased the business and all the assets of EMCF Ltd. The equipment, tools, stock and all technical information will be moved to Scandura premises in Corby.

Scandura will have all the relevant information required to supply all the products which you purchased from EMCF Ltd. Nigel will continue to work for Scandura servicing all EMCF Ltd customers and can remain your point of contact.

Scandura will continue to provide EMCF products at the same price level using the same terms and conditions which you already operate. We only require that you change to Purchase orders to state "Scandura Ltd".

Scandura Ltd is a very long established business providing a high level of quality and service to its varied customer base. Our customer portfolio includes some very large multi-nationals as well as providing small batch quantities and prototype support. We have manufactured gaskets, foam products, breathing filters and automotive interior assemblies.

I would encourage all EMCF customers to visit our site and meet with us face to face.

Please look at our website for more information. Attached is the details of Scandura Ltd and a copy of our ISO 9001 certificate.

Regards

Alan Emery
Managing Director
Scandura Ltd
